COURSE OUTLINE

Department Name:	Technology
-------------------------	------------

Course Name:	Communications technology – Graphic Design
Course Code and Section:	TGJ3OG

Course Description:	This course examines communications technology from a media perspective. Students will develop knowledge and skills as they design and produce media projects in the areas of print and graphic communications. These areas may include print and graphic communications; photography; digital imaging; broadcast journalism; and interactive new media. Students will also develop an awareness of related environmental and societal issues, and will explore college and university programs and career opportunities in the various communications technology fields.
