COURSE OUTLINE

Department Name:	Technology
-------------------------	------------

Course Name:	Communications Technology – Graphic Design
Course Code and Section:	TGJ4OG

Course Description:	This course enables students to develop knowledge and skills in the areas of photography, digital imaging, animation, 3D modelling, and web design. Students will work both independently and as part of a production team to design and produce media products in a project-driven environment. Practical projects may include photo galleries, digital images, animations, 3D models, and websites. Students will also expand their awareness of environmental and societal issues related to communications technology, and will explore postsecondary education, training, and career opportunities.
